Hi Macy

hope you are well. Things are going ok. Still very tight at the moment. due to the late shipments we did have some cancellations and we had to incur high costs on airing the goods in (i know this isn't your fault).

We shipped a lot of orders to our bigger accounts and are continuing to ship through orders. The bigger accounts have 60-90 day payment terms so it takes a bit longer to pay.

We have one customer that sent us a payment last week and are waiting for it to clear. we will continue to make payments and have another payment scheduled to send this week.

We have been making great improvements to restructuring our company and have cut our overhead significantly and are continuing to do so.

keep you posted on payment for this week

thank you

Hi Meg,  
Attached testing report for your ref, we only have some for shoes for latest 2 seasons, and the others are for materials as it's too old season.

Noted we need to test the shoe and provide the report on shoe as the style you have been lighted in yellow.

Thanks,

Hi, Yosi

1. We also know the importance for Fall orders, as we owed suppliers so much before, all of them and us are suffering financial troubles. So what we can do is waiting for the materials.
2. We only received USD 75,000 in June. There's no sense for big expense of factory.
3. Re the suppliers we owed as below:

2015.11 ~ 2016.6

Outsole: RMB758,000

Changyun for materials: RMB 459,750

XinJiahe for materials: RMB896,800

Packing : RMB387,200

Fengrun :RMB256,000

Taike: RMB589,000

New ponyhair from Jlaxing for FAII2, the deposit are already paid, but need RMB 1000,000 for balance.

4. You said there would be a bulk payment last week, we also adviced our suppliers like that, but disappointed!

Hi Macy,

Let me discuss with them on tuesday (it is a holiday weekend).

in the meantime can you send the invoices for the suppliers?

Right now it is very important to get these fall orders out since this is the busy season and we will be able to secure bigger payments back to you. I mentioned that these last 2 months are typically low selling months.

we have a lot of good things coming up with new bigger customers and some new distributors. We are very close to finalizing the deal with the new bank, they have been in the office a lot doing their due diligence and audits.

Send me the invoices that you and brian spoke about so we can review first thing tuesday. Regardless, we will get another payment out this week. The bank said the deal should finalize within this week or next week.

thanks

hi all

see attached. I know you guys need more. The bank deal should be done soon and we will be able to send a bulk payment once that deal goes through. In the mean time please do your best to get orders out in a timely manner so it doesn't affect sales. these next few months are busier for us. may and june are typically slow months, so now we will see more sales and we will be able to get back on healthy payment terms.

if you need anything yan, please do not hesitate to qq me.

HI, MAAYAN

Hao are you?

Hope everything is going well.

Our factory reopened on 24/2. But now, we are facing some financial issues that needs your support urgently.

We haven't received any money that you confirmed would pay in Feb. before.(\$400k)

And we also told the suppliers would pay them after New Year in Feb. So they push us for the money again.

So please help to arrange the payment in two days for the factory to pay them, if not, we will lose our credit and their support that will make a big difficulty to continue the following production . At the same time, pls make the payment plan for March, because we need the 1/4 money for preparing materials

Looking forward to your reply soon, thanks!

客人在二月份会每个星期安排 ( \$165k / \$ 65k / \$ 100k / \$ 65 k ) 总共 \$400k .

另外大货订单你可以参考附页表格:

4/1 出货的订单: core 订单大概 13000prs 左右 ( 已下 )

5/1 出货的订单: pre fall 订单, 这个期的订单不会很大, 大概 3-4000prs 左右, 大概 5 个款, 订单会在二月底。

6/1 出货的订单: fall 1 女鞋订单和 6/15 童鞋订单, 这些订单也会在二月底下, 因为童鞋会做测试所以会给多点时间, 你们可以将这个订单一起订材料

Hi Rena:

I have requested the below of Eric - he is doing his best to meet the request for this month.

For February, he has scheduled out weekly payment totaling around \$400k: \$165k, \$65k, \$100k and \$65k.

For production schedule, you can share the calendar below with Yan. Here is what each of those deliveries looks like:

4/1xf - core - you already have all of these PO' s ((13,000+ pairs)

51xf - pre-fall - this delivery will not be very big. I anticipate only 3-4000pair across 5 styles (all using local leathers). Orders will be placed end Feb.

6/1xf - women' s Fall 1 and 6/15xf - kid' s fall = these deliveries will be ordered at the same time (end of February) but

we are giving kid's more time ~~due to~~<sup>46 of 46</sup> to the testing. For women's, they will also order any Fall materials that are shared with kids at this time.

And since there are some local leathers, I think they will be able to use some of these orders to fill in the April and May production time frame.

Let me know if he has specific production concerns after looking at this calendar so I can help to address them with the YS team.
